Tamper Evident Cap-Seals

Tamper evident cap seals are a low-cost way to add value and integrity to your product. These are especially important where product is at risk of being pilfered during transportation.

We stock all-plastic, plastic and metal, and all-metal cap seals, and the crimp tools needed for crimp-on Rieke and Tri Sure seals. Please contact us if you'd like samples to check on your drums.

Code	Description	Fits Drums	Tool Required	Carton Qty	Image
