## Cap Tighteners

Cap tighteners and drum wrenches are useful for ensuring caps and bungs are put on with the correct tension without causing hand-strain. They are also useful for removing caps from containers and some can be used with tap-caps too.

Code	Description	Fits Caps/Bungs	Note
800403	3/4 58mm Cap Tightener	58mm e.g. VIP, ES Plastics	Can be used with tap-caps e.g. 700833 (this item replaces 800407 which was full circle).
